

CELEBRATE THE PRESENT
& THE POSSIBLE

NEW
NARRATIVE™

ANNUAL CELEBRATION

Luncheon

This spring you have an opportunity to ensure integrative mental health care reaches Portland's most vulnerable community of individuals on their journey to mental wellness.

Your sponsorship of the 'Celebrate the Present & the Possible' Luncheon will benefit New Narrative's participants with integrative mental health services including the clinical care, housing, peer support, and wrap-around services they need. Please join us for our first in-person annual fundraising event since 2020!

Thursday, May 25, 2023
Multnomah Athletic Club

JOIN US

We serve almost 3,000 participants in the Portland Metro region annually with comprehensive, high-quality care so that our participants thrive, not just survive. Our programs provide

- Outpatient and Residential Mental Health Treatment
- Transitional/Permanent Housing
- Peer-to-Peer Support
- Wellness Services
- Life Skills
- Employment Access
- Foster Transition Services

OUR SERVICES

Clinical Care

New Narrative's Tigard and Southeast Portland clinics provide a wide variety of supports to individuals living in the community and act as a hub of services for residents of our housing programs. An inhouse Pharmacy provides medications to those enrolled in residential and outpatient services.

Housing & Supportive Services

Housing is more than a roof over a person's head. We provide multiple programs along the housing continuum, which range from affordable apartments to residential single family style treatment homes, and include a variety of wrap around supportive housing services to ensure people retain their housing and progress towards their goals. We have 27 residential facilities total.

Peer Support

Our four dedicated peer support programs focus exclusively on peer-to-peer engagement. With the support of peers having had lived experience, participants build and connect with a community while pursuing their own unique wellness goals. From employment assistance to artistic outlets, our programs provide a range of services for participants by trained Peer Wellness Specialists.
